

PARTNERS IN HEALTH CARE FRAUD & ABUSE SOLUTIONS

Etico, LLC

A new name in the health care fraud and abuse landscape, but a company with deep roots in the nation's fight against health care fraud . . .

Headquartered in Milwaukee, Wisconsin and established in 2009, Etico provides health payers nationwide with customized fraud control solutions—combining intelligent tools and expert analysis with knowledgeable counsel from our industry experts. Our leadership team, client solutions experts and strategic partners bring vast expertise and decades of private and public sector experience to bear in helping clients control health care costs by effectively reducing, recovering and *preventing* losses to fraud and abuse.

Our Services

Etico provides fraud and abuse solutions customized to your organization's specific needs:

- ✦ **Consulting** services to identify and manage fraud and abuse risks, benchmark and increase your—or your claim administrator's—anti-fraud effectiveness and results and meet fraud-related regulatory compliance obligations.
- ✦ **Fraud and Abuse Control** services, from specialized functions to supplement or fill critical gaps in existing anti-fraud operations to full-spectrum anti-fraud functions and capabilities.
- ✦ **Law Enforcement Support** services, from case-specific or broad-based data analysis and presentation to specialized medical review, training and expert testimony in support of law enforcement investigations and prosecutions

Our Clients

Etico serves health insurers, managed care organizations, and other medical-claim payers; third-party administrators; self-insured employers and self-administered health plans; state and certain federal health plans; and state, federal and local law enforcement agencies.

How Your Organization Can Benefit

Whether your organization's specific fraud and abuse needs and objectives are limited and tightly focused or extensive and varied, Etico's uniquely flexible business model and customer-first commitment are tailored to help you meet them.
